## Remember to reconfirm your reservation!

### RECONFIRMATION IN U.S. AND/OR CANADA:

When you travel to a city in the United States and/or Canada by air or other means and will stay beyond mid-night or longer, you must reconfirm your continuing or return reservations at least 6 hours before scheduled departure time of your flight to avoid cancellation. Exception: If your stay will be less than 12 hours you do not have to reconfirm.

**RECONFIRMATION ELSEWHERE:** If you travel to any point in the United Kingdom, Ireland, Continental Europe or Israel and will stay more than 72 hours and have continuing or return reservations for westbound travel over the North Atlantic, you must reconfirm your reservation at least 72 hours before flight departure to avoid cancellation.

*Effective on most scheduled airlines*

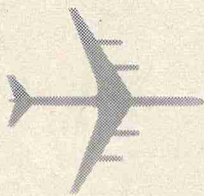

RECONFIRMATION IS REQUIRED IN THE INDICATED AREAS BY MOST SCHEDULED AIRLINES WHICH ARE MEMBERS OF THE AIR TRAFFIC CONFERENCE OF AMERICA AND/OR THE INTERNATIONAL AIR TRANSPORT ASSOCIATION.

**TO RECONFIRM:** Simply inform the airline at the city where you will board your continuing or return flight that you intend to use your reservation. Do this on arrival or at your earliest convenience after arrival, but be sure to reconfirm by the requested time. FAILURE TO RECONFIRM WILL RESULT IN THE CANCELLATION OF YOUR COMPLETE RESERVATIONS EVEN THOUGH YOU HOLD A TICKET.

# Delta's New Southern Transcontinental Jet Route **links**

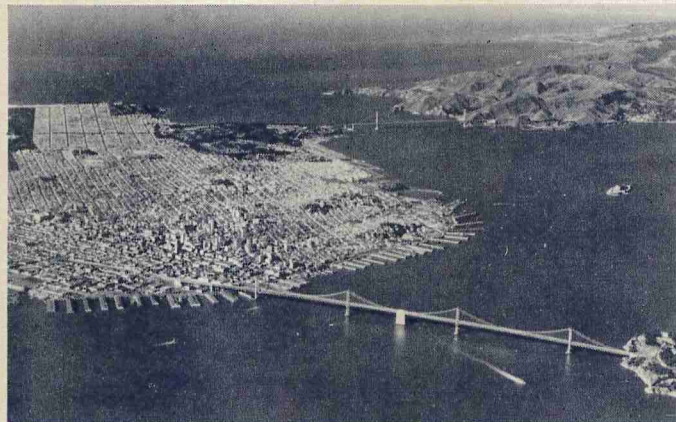

One of America's pioneer airlines, Delta was first with passenger service across the South in 1929 . . . first in the world to fly the magnificent Douglas DC-8 and Convair 880 jetliners . . . and now offers transcontinental service between major cities of California and Dallas/Fort Worth, New Orleans and the Southeast.

Los Angeles and Atlanta are now the focal points for fast connections to dozens of cities at each end of the line. You can be sure that this new service will promote a wide community of interest between these vigorous and live-alike areas, each noted for its expanding economy and rapid growth.

**Los Angeles** — Delta non-stop jets now reduce the flying time by over an hour between Los Angeles and Atlanta, and New Orleans and Dallas are only a step to California.

**San Francisco** — New on the Delta map. In September Delta will commence Jet flights to link the Golden Gate City with Texas, the Gulf Coast and all the Southeast.

## **NEW CITIES TO BE SERVED BY DELTA'S**

**San Diego** — Delta DC-7 thru-plane now provides non-stop service from San Diego to Dallas, and fast one-stop service to New Orleans.

**Las Vegas** — Delta DC-7's serve the entertainment capital of the West with non-stop service to Dallas and fast connections to all the southeast.

# California with Texas, New Orleans, and the Southeast

New Orleans' Moisant International Airport, a mid-point for Delta jets between Los Angeles, Dallas/Ft. Worth and Atlanta. Passengers also make direct connections here for Delta DC-7's to Montego Bay, San Juan, Port-au-Prince, Aruba-Curacao and Caracas.

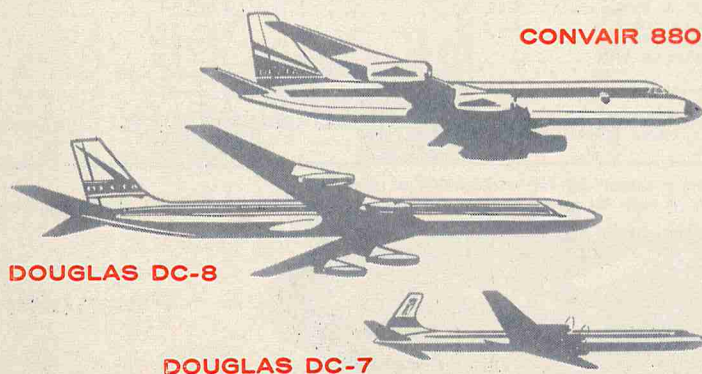

Atlanta's new jet-age terminal rivals those found anywhere in the world. The home of Delta and hub of the Southeast, Atlanta's Airport is one of the nation's busiest where air travelers make connections to all eastern cities.

## MODERN FLEET... OFFERING THE FINEST SERVICE ALOFT

Dallas— Non-stop Delta jets link Dallas/Ft. Worth with Los Angeles. DC-7 service links these Texas cities with Las Vegas, Orlando and Jacksonville.

CONVAIR 880

DOUGLAS DC-8

DOUGLAS DC-7

Delta's modern fleet includes the all first-class Convair 880 jet, cruising at 615 mph, and the big DC-8 jet cruising at almost 600 mph and offering a choice of deluxe or jet tourist accommodations. The DC-7, world's fastest piston engine airliner, offers deluxe and tourist service.
